Independent Auditors' Report

To the Board of Trustees
Trees For Life, Inc.
Wichita, Kansas

We have audited the accompanying statement of financial position of **Trees For Life, Inc.** (a nonprofit organization) as of December 31, 2010, and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Trees For Life, Inc.** as of December 31, 2010, and the results of its activities and changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Trees For Life, Inc. was incorporated on March 15, 1984, in the State of Kansas as a not-for-profit entity. It is a people-to-people grassroots movement that empowers people by demonstrating that in helping each other, we can unleash extraordinary power that impacts our lives. This movement started by enabling people around the world to help plant fruit trees in developing countries. Now it has matured to where **Trees for Life, Inc.** provides a platform for people of various disciplines to work on long-term fundamental solutions to problems in the areas of education, health and environment.

Funds raised in the United States pay for development and organizational support by the U.S. staff of international affiliates, as well as for the development of current and future programs. Such programs are funded by individual contributions as well as some foundation grants.

Trees For Life, Inc. has been recognized as tax exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Contributions

Gifts of cash and other assets received without donor stipulations are reported as unrestricted revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as temporarily or permanently restricted revenue and net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Gifts having donor stipulations which are satisfied in the period the gift is received, are reported as unrestricted revenue and net assets.

Gifts of land, buildings, equipment and other long-lived assets are reported as unrestricted revenue and net assets unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as temporarily or permanently restricted revenue and net assets. Absent explicit donor stipulations for the time long-lived assets must be held, expirations of restrictions resulting in reclassification of temporarily restricted net assets as unrestricted net assets are reported when the long-lived assets are placed in service.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are reported at the present value of estimated future cash flows. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventory

Inventory consisting of T-shirts is stated at the lower of cost or market. Cost is determined using the first-in, first-out (FIFO) method.

Property and Equipment

Equipment is stated at cost for purchased items and market value at the date of gift for donated items. Depreciation is provided over the estimated useful lives of the assets, generally three to five years, using the straight-line method.

Transfers to Other Countries

Cost associated with the support of other **Trees For Life, Inc.** entities are recognized in the accompanying financial statements as World programs. Transfers totaling \$167,186 were made in support of Books For Life International, an educational branch of **Trees For Life, Inc.** that was formed in 2005 and transfers totaling \$36,943 were made in support of various other World program costs which includes \$15,632 to support Haiti earthquake relief. Books For Life has program activities in several countries including Liberia, Ethiopia, Nigeria, Haiti, Mexico, Zimbabwe, South Africa, Tanzania, Burkina Faso, India, Nicaragua, El Salvador and Pakistan. These funds are used to provide training, education, books and educational materials.

Prior-Year Summarized Totals

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a complete presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2010, from which the summarized information was derived.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months.

Advertising

The Organization expenses advertising and media costs as they are incurred. Advertising and media costs for the year ended December 31, 2010 were \$350.

NOTE 2 - FAIR VALUE MEASUREMENTS

In determining fair value **Trees For Life, Inc.** uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

Accounting guidance establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Accounting guidance defines levels within the hierarchy based on the reliability of inputs as follows:

TREES FOR LIFE, INC.
Notes to Financial Statements
December 31, 2010

NOTE 2 – FAIR VALUE MEASUREMENTS (Continued)

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

Following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy:

Mutual Funds and Money Markets Accounts - Valued at the net asset value of shares held at year end as publicly quoted. This asset is classified within Level 1 of the valuation hierarchy.

Wichita Community Foundation Account - The value of the account is recorded at the fair value of the investments held by the Foundation and then adjusted for **Trees For Life, Inc.'s** interest in the assets. This asset is classified within Level 2 of the valuation hierarchy.

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of December 31, 2010:

Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Restricted Long-Term Investments				
Money Market Account	\$ 234,064	-	-	234,064
Other Investments				
Mutual Funds	\$ 119,600	-	-	119,600
Wichita Community Foundation Account	-	555,562	-	555,562
Total Other Investments	\$ 119,600	555,562	-	675,162

The carrying values of cash, receivables, prepaid expenses, accounts payable and accrued liabilities approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

NOTE 6 - RESTRICTED NET ASSETS

Temporarily restricted net assets as of December 31, 2010 are available for the following purposes:

General tree planting	\$	1,453
Guatemala		5,813
Global Circle of Knowledge		354,810
India		<u>128,016</u>
Total Temporarily Restricted Net Assets	\$	<u>490,092</u>

Permanently restricted net assets as of December 31, 2010 are available for the following purposes:

Global Circle of Knowledge	\$	<u>5,000</u>
----------------------------	----	--------------

NOTE 7 - NET ASSETS RELEASED FROM RESTRICTIONS:

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes. These amounts released during the year ended December 31, 2010 are as follows:

Purpose restrictions:		
Guatemala	\$	8,920
Tree Planting		610
Global Circle of Knowledge		<u>44,498</u>
Total Restricted Net Assets Released	\$	<u>54,028</u>

NOTE 8 - RESTRICTED LONG-TERM INVESTMENTS

Assets of \$250,000 plus fifty percent of any capital gains on those assets were originally restricted in perpetuity. The net income and fifty percent of any capital gains were to be expendable to support charitable, educational and scientific purposes only after the organization had raised and deposited matching funds of \$250,000. The terms of the endowment were revised during 2004 by the donor to allow for the use of the funds as needed to fund the Global Circle of Knowledge project. Funds are to be returned to the endowment when able.

NOTE 9 - EMPLOYEE BENEFIT PLAN

In October 1999, a Simple IRA employee benefit plan was adopted. The employer matches each eligible employee's Simple IRA contribution up to a limit of 3% of the employee's compensation for the calendar year. The expense for this benefit plan for the year ended December 31, 2010 was \$5,280.

December 31, 2010

NOTE 10 - GIFT ANNUITIES

In 2001, the organization received a gift annuity contribution of \$5,000 cash. With this receipt of cash, the organization agreed to pay the donor semi-annual payments of \$263, beginning on November 15, 2001 for the life of the donor. The rate used to discount the future payments was 10.5% set by the American Council on Gift Annuities.

In 2002, the organization received a gift annuity contribution of \$10,000 cash. With this receipt of cash, the organization agreed to pay the donor annual payments of \$820, beginning on September 1, 2003 for the life of the donor. The rate used to discount the future payments was 8.2% set by the American Council on Gift Annuities.

NOTE 11 - EVALUATION OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 13, 2011, the date which the financial statements are available to be issued.
